S&S MedCart

Standard Cart C-Series

The S&S MedCart **C-Series Cart** is the default standard for economical but secure medication dispensing carts. The C-Series Carts come in four basic models with an electronic and manual option for each of the four carts. Built from metal and composite materials, the C-Series Carts will perform for your staff and patients for years to come. Mounted on 5" wheels the carts are not only easy to maneuver, even in the smallest spaces, but also quiet as well. The C-Series Carts are versatile in configurations giving you flexibility in design as well as giving you value for your money.

MC-19-000E (Electronic)

- Electronic locking multi-level administrative and user access
- Solid metal construction for durability and security
- Low center of gravity for easy maneuvering
- 5" casters for quiet operation
